

Entrance access – we have a disabled parking bay and ramp entry into the hotel. We have a bell, at the bottom of the ramp to summon assistance from reception.

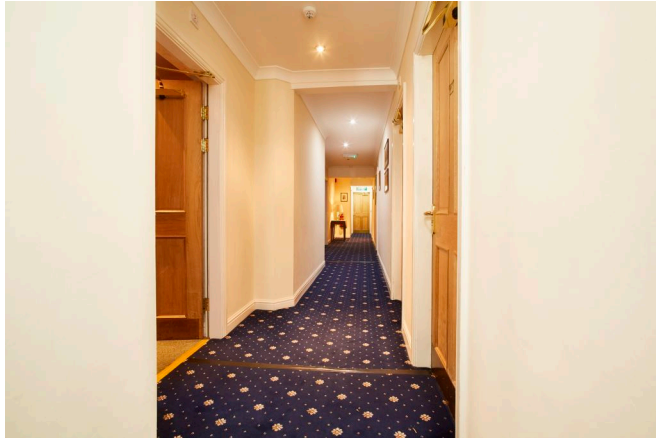

Internal movement is on level surfaces between reception, restaurant and bar.

Find our Disabled loo inside the loos labelled Ladies in main corridor to the restaurant. Our disabled loo is fine for elderly mobility impaired people and ambulant wheelchair users but it is narrow so unsuitable for powered wheelchair users and those requiring help from a carer

The disabled access bedroom is accessed on a level surface then corridor is shown below.

This is the disabled access bedroom and wet room bathroom is shown below.
